

Policy	Relationships Education Policy (REP)
Revision	3
Date originally adopted	September 2020
Date reviewed	July 2024
Date of next review	July 2026

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Introduction

At Bracebridge Infant and Nursery School we agree that relationships education (RE) is ‘lifelong learning about physical, moral and emotional development. It is about the understanding of the importance of: marriage for family life, stable and loving relationships, respect, love and care.’ (DfEE July 2000).

In addition RE will promote self-esteem and emotional health and well-being to help children form and maintain worthwhile and satisfying relationships, based on respect for themselves and for others, at home, school, work and in the community.

This policy outlines the purpose, nature and management of PSHE and **Relationships Education (RS)** in our school. It reflects the consensus of opinion of all members of staff. It is based on current practice and has the full agreement of the governing body. The implementation of this policy is the responsibility of the Head teacher, teaching staff and support staff. It is our collective responsibility to raise awareness and that all policies are known, understood and used in an appropriate way.

We aim to care for the health, safety and welfare of all in our school and to provide a sound educational foundation where all children are given the maximum possible support from adults. We continually seek to identify the needs of individual children and to meet those needs as efficiently and effectively as possible. We seek to foster the growth of self-confidence, self-esteem and personal relationships alongside responsible and spiritual values.

PSHE

At Bracebridge Nursery and Infant School, we teach Personal, Social, Health Education as a whole-school approach, from Reception to Year 2, to underpin children’s development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children’s learning in this vital curriculum area.

The overview of the programme can be seen on the school website.

This also supports the “Personal Development” and “Behaviour and Attitude” aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school’s Safeguarding and Equality Duties, the Government’s British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Through our teaching of PSHE we aim for our children to leave Bracebridge Nursery and Infant School and:

- Have a sense of purpose
- Value self and others
- Form and maintain healthy relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Be the best they can be

Statutory Relationships and Health Education

The programmes of study for science and the National Curriculum Council’s ‘Sex and Relationship Education Guidance’ gives a clear framework by which we can plan sex education. The main objective of Relationships Education is to help and support young people through their physical, emotional and moral development. A successful programme, firmly embedded in PSHE and Citizenship, will help children to respect themselves and others and move with confidence from childhood, through adolescence, to adulthood. Our RE programme is tailored to the age and the physical and emotional maturity of the children with regard to Key Stage 1 of the National Science Curriculum.

Relationships Education is vital in meeting our schools’ safeguarding obligation. At Bracebridge we aim to deliver a preventative approach with our pupil’s learning about healthy relationships. Many of our pupils have access to the internet at home and may therefore be increasingly exposed to risks online.

This policy has been formulated in order that staff are informed of how Relationships Education should be disseminated through the school curriculum and also to equip them for handling issues of a sensitive nature. It will also make them aware of the provision that must be made for all children in relation to the area of RE. All staff at school will be made aware of this policy including teaching assistants, administration staff, lunchtime staff and the caretaker, as certain aspects of the RE curriculum will not be contained within the classroom.

This policy is available on the school website. A full version is available on request for parents so that they are also aware of how our school teaches Relationships Education and feel able to support this learning at home.

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

“This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools.”

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

Here, at Bracebridge Nursery and Infant School we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning. We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children’s needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme’s complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

Our PSHE policy is informed by existing DfE guidance:

- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between pupils)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)
- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of pupils’ spiritual, moral, social and cultural (SMSC))
- SMSC requirements for independent schools (guidance for independent schools on how they should support pupils’ spiritual, moral, social and cultural development).

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school in Reception up to year 2; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
-------------	----------------------	----------------

Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change- e.g body parts

At Bracebridge Infant and Nursery School we allocate 1 lesson (approx. 45 mins to 1 hour) to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way, this is in addition to Together Times, circle times and regular mindful /wellbeing time

These explicit lessons are reinforced and enhanced in many ways through

- Launch assemblies and Together Times, praise and reward system, Going for gold, through relationships child to child, adult to child and adult to adult across the school.

We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to children in discrete year groups every Friday..

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body' all at an age appropriate level for our children

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils. However, 'Sex Education is not compulsory in primary schools'. (p. 23) As an infant school we do not teach formal sex education to the children at such a young age here at Bracebridge.

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At Bracebridge, we believe children should understand the facts and names regarding their different body parts and this is done following the Jigsaw guidance as part of the Summer 2 unit Changing Me.

Parents' right to request their child be excused from Sex Education

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" **DfE Guidance p.17**

The school will inform parents of this right by a letter sent home during Summer Term 1, prior to the Changing Me unit being taught. We are of course happy to discuss the content of the curriculum and invite you to contact Mrs L Wilson or Mrs H Bignell (PSHE Lead).

Answering difficult questions

Sometimes a child will ask an explicit or difficult question in the classroom. Questions do not have to be answered directly, and can be addressed individually later. Soudley school believes that individual staff members must use their skill and discretion in these situations and refer to the Headteacher or Subject Leader if they are concerned

Equality

This policy will inform the school's Equalities Plan.

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics..."

At Bracebridge Infant and Nursery School we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships and Health Education. We share and discuss the protected characteristics within our PSHE and RE teachings and through Together Time, using a range of age **appropriate stories**.

Monitoring and Review

The Board of Trustees monitors this policy every 2 years. The Board gives serious consideration to any comments from parents about the PSHE (RSE) programme, and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

Jigsaw PSHE documents needed to explain this policy:

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document)
- Progression Document
- PSHE and RSE topic map

Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
Families and people who care for me	<ul style="list-style-type: none"> • that families are important for children growing up because they can give love, security and stability. • the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. • what a stereotype is, and how stereotypes can be unfair, negative or destructive. • the importance of permission-seeking and giving in relationships with friends, peers and adults. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World
Online relationships	<ul style="list-style-type: none"> • that people sometimes behave differently online, including by pretending to be someone they are not. • that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

	<ul style="list-style-type: none"> • how information and data is shared and used online. 	
Being safe	<ul style="list-style-type: none"> • what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • how to recognise and report feelings of being unsafe or feeling bad about any adult. • how to ask for advice or help for themselves or others, and to keep trying until they are heard, • how to report concerns or abuse, and the vocabulary and confidence needed to do so. • where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none"> • that mental wellbeing is a normal part of daily life, in the same way as physical health. • that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. • how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. • how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. • simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. • where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online). • it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me • Relationships • Changing Me • Celebrating Difference
Internet safety and harms	<ul style="list-style-type: none"> • that for most people the internet is an integral part of life and has many benefits. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships

	<ul style="list-style-type: none"> • about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. • why social media, some computer games and online gaming, for example, are age restricted. • that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • where and how to report concerns and get support with issues online. 	<ul style="list-style-type: none"> • Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> • the characteristics and mental and physical benefits of an active lifestyle. • the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • the risks associated with an inactive lifestyle (including obesity). • how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Healthy eating	<ul style="list-style-type: none"> • what constitutes a healthy diet (including understanding calories and other nutritional content). • the principles of planning and preparing a range of healthy meals. • the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> • how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. • about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me

	<ul style="list-style-type: none"> • about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • the facts and science relating to immunisation and vaccination 	
Basic first aid	<ul style="list-style-type: none"> • how to make a clear and efficient call to emergency services if necessary. • concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> • key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. • about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Changing Me • Healthy Me
